FAQS

Airbrush vs Liquid Foundation

Airbrushing is a silicone based and self-setting formula, resulting in a longer wearing, more water resistant foundation. If you are prone to sweating, touching your face, or your wedding is in the summer or warmer months, airbrushing is always recommended. Airbrush also gives a flawless finish to the skin. Sheer to full coverage is easily achievable with an extremely lightweight feeling on the skin. Most people don't even feel the foundation being applied!

Do I need to put a deposit down?

Yes. To save your date, we require a non-refundable \$50.00 deposit and a signed contract.

Is there a booking minimum?

Yes. You can book for 1 person, but the services selected must amount to our minimum \$250 before travel/other fees.

What is the travel fee?

Travel is based on kilometres. We charge \$0.85/km. For out of Niagara Region locations, flat rates will apply.

Are prices plus HST?

No. We do not charge HST at this time.
