* Airbrushing VS Liquid Foundation :

Airbrushing is a silicone based and self-setting formula, resulting in a longer wearing, more water resistant foundation. ***If you are prone to sweating, touching your face, or your wedding is in the summer or warmer months, airbrushing is always recommended.** Airbrush also gives a flawless finish to the skin. Coverage: from sheer to full coverage with an extremely lightweight feeling on the skin. Most people don't even feel the foundation being applied!

* Eye Mask Options:

- ♡ Collagen Boosting
- ♡ Anti-wrinkle & Energizing
- ♡ Hydrating & Soothing

All reduce dark circles, puffiness, bags and wrinkles. All are Vegan & cruelty free

Lip Mask Options:

- ♡ Moisturize & Plump - containing collagen, flower extracts & glycerin
- ♡ Anti-wrinkle & Hydrate - smooths and hydrates lips
